

**I am travelling by
plane**

To travel by plane, first we go to
the airport.

I can take a backpack with things
I like.

There are lots of people at the
airport, and that is normal.

At security, bags go through a machine.

I can put my bag on the belt and pick it up on the other side.

The machine only checks what we are carrying.

Then we wait at the gate.

While I wait, I can read, play or listen to music with headphones.

When they call us, we get on the plane.

On the plane, I sit down and put
my seat belt on.

I can look out of the window or
rest.

The plane is noisy, and that is
normal.

When the plane goes up or down,
sometimes my ears feel full.

I can swallow or chew something.

The feeling goes away after a
while.

When we arrive, the plane lands
and stops.

I can wait in my seat until we are
told to get up.

We have arrived.

I am travelling by plane
