

**We are going to the
supermarket**

Today we are going food shopping.

I can carry the shopping list with pictures.

The list tells me what we are going to buy.

In the supermarket there are
lights, noise and lots of people.
I can wear my ear defenders or a
cap, if they help me.
That way I feel more comfortable.

There are lots of things I like in
the supermarket.

I can help find the things on the
list.

Helping with the shopping is an
important job.

To pay, we wait in the queue.
While I wait, I can count things or
look at my list.
The queue moves little by little.

**After paying, we leave the
supermarket.**

**I can help carry a bag.
We have done the shopping.**
